

BATH JUNKIE®

bath stuff designed by you

silky allover body wash

Keep it simple. When your bath tub is lined with half-used bottles of goo, and your shower caddy is teeming with products you never cared to try twice, think simple. Simplify your life with silky allover body wash, our one stop wash from the top of your thinker, to the tips of your toes. This pH balanced body wash contains vitamin E, which strengthens and conditions your hair, while softening your skin. Guaranteed to leave you silky smooth and oh so clean! A real bath junkie will have a different body wash blend for every day of the week.

DOSEAGE: Apply a quarter-sized amount on your hand, then wash and rinse that hair of yours. Apply the same sized amount to a wash cloth or bath junkie poofie, and scrub that body clean while you whistle or you sing.

RECIPE: purified water, ammonium lauryl sulfate, ammonium laureth sulfate, cocamidopropyl betaine, glycerin, hydroxytrimonium chloride guar, sodium chloride, DMDM hydantoin silkamino acids, vitamin E, aloe vera. May contain fragrance and color.
